

Embody:

BEAUTY,
JUSTICE, AND FAITH
IN ACTION

JULY 8-13, 2018

Embody: Beauty, Justice, and Faith in Action is a 6-day experience designed for young women to discover how they are created, beloved, and called by God. Join a community of high school girls who share your values. On the beautiful campus of Saint Mary's College, you'll explore beauty and justice through activities and studying theology. You'll stay in a historic residence hall, eat in the dining hall, and learn from College professors, as well as Saint Mary's students who will serve as mentors. Embody is a week filled with theological reflection, interactive sessions that incorporate what you learn into your life, and opportunities for engagement with the South Bend community through service. We will explore themes related to being a young woman of faith, including talking about our bodies and how they help us live out our values, examining what it means to love and how our relationships are integral to a life of faith, and being challenged to go beyond our comfort zone and into relationships with people who seem different. Finally, we'll make a commitment to live out what's learned during the week...and continue to grow in faith and compassion!
